ABSTRACT

The reporting period for most schools in this first edition of a school library service record in Wisconsin is the 1969-70 school year. One objective of the project is to promote interlibrary cooperation and coordination. Information is provided in the following areas on public schools in the state: (1) school districts listed alphabetically; (2) enrollment given for each senior and junior high school, elementary enrollment is given as a total for the district; (3) approximate grades, grade level groupings are widely dissimilar; (4) head librarian; (5) librarians, number given in full-time equivalents; (6) audiovisual personnel; (7) total volumes; (8) periodicals, number of current subscriptions; (9) number of eight-millimeter films; (10) number of film strips; (11) number of phonograph records; (12) number of magnetic tapes; (13) number of microfilm reels; (14) book expenditures for the school year; (15) audiovisual materials expenditures and (16) total expenditures. For the nonpublic schools, senior and junior high schools are listed and a summary of elementary schools is provided at the end. Information is provided in columns identical to the above. INTRODUCTION

School Library Service Record, 1970

This is the first edition in Wisconsin of a School Library Service Record. The reporting period for most schools is the 1969 -- 1970 school year. The project was supported by federal funds under Title III, Interlibrary Cooperation, of the Library Services and Construction Act. Also to be published are the following: Academic Library Service Record, 1970; and, Special and Institutional Library Service Record, 1970. The Public Library Service Record is already well established and, as with the others, is this year a project activity under LSCA Title III. One objective of the project is to promote interlibrary cooperation and coordination. With the publication of all these, a reasonably accurate and current statistical profile, along with directory information, will be available for all types of libraries in the state.

The School Library Service Record provides information in the following areas on public schools in the state. Nonpublic schools are indicated separately, as explained below.

1. School Districts, alphabetically listed; individual high schools and junior high schools are listed alphabetically within the district; information on elementary schools is summarized for the total district.

2. Enrollment is given for each senior and junior high school; elementary enrollment is given as a total for the district.

3. Approximate grades: the grade level groupings are widely dissimilar, and doubtless will become more so in the future.

4. Head Librarian.

5. Librns - Librarians: the number is given in full-time equivalents. "Full-time equivalent" means the total number of hours spent on library work by assigned librarians, divided by the total number of hours in the work week.

6. A-V Pers - Audiovisual Personnel: the number is given in full-time equivalents.

7. Total Volumes.

8. Periodicals: number of current periodical titles subscribed to.

9. 8 MM: number of 8 millimeter films.

10. F.S.: number of film strips.

11. Records: number of phonograph records.

12. Tapes: number of magnetic tapes.

13. Micro.: number of microfilm reels.

14. Book Expend.: Book Expenditures for the school year.

15. A-V Expend.: Audiovisual materials expenditures.

16. Total Expenditures: Library expenditures for adding and replacing student books and reference books, for periodicals, newspapers, AV materials, film rental, and for professional library materials.

NONPUBLIC SCHOOLS

Senior and junior high schools are listed; a summary of elementary school is provided at the end. Information is provided in columns identical to the above.

Grateful acknowledgement is made to school librarians, audiovisual personnel, and administrators; to the DPI Data Processing Unit with special thanks to Mrs. Vicki Rubner and Richard Rydecki; to many members of the division staff; and to Mrs. Mildred Keller and Miss Jean Legg, formerly with the Division for Library Services.
